The Dr Comr reports that the Srainder of Krishnarayapuria objects to the inclusion of his village in the municipality. Dr Comr recommends its exclusion and suggests that a muchilika should be taken from him undertaking to keep the place clean & tidy. This was what the Dewan said when the Srainder petitioned the Dewan personally at Mysore. As to the municipality itself the Dr Comr suggests its abolition as there are two parties in the place, one desiring its retention & the other its abolition. The latter party is almost as strong in numbers as the former. The town itself is so full of unseen pitfalls overgrown with rank vegetation, that to put it in a decent condition, the Chief Engineer has estimated an expenditure of 18000. The revenue of the Board is about 4500. Under these circumstances the Dr Comr thinks that unless Govt are prepared to spend

ABSTRACT.

This is an appeal against the orders of the Deputy Comr. Mysore District, dated 30th August 1890 on the following grounds.

The Petitioners state that Goselé is not a large town nor is a place of considerable trade, but simply a village, where the Municipality has been brought in, and all the houses therein taxed.

2 The Petitioners are very poor ryots living in small houses far away from the village as they are of Balagae Caste. The locality which they require no im

erations. Besides the petitioners themselves are bound to keep their streets clean.

3 The Petitioners are pressed by Chaukidar and Chaukidar of the village for the payment of house tax imposed upon them. The Petitioners addressed a petition praying for the removal of the house tax for reasons above mentioned. The Dy. Comm^r in reply granted the Enclosure (enclosed) to the effect that the tax should be paid up.

4 The Petitioners therefore now solicit that the said tax may be removed and the order of the Dy. Comm^r be Cancelled.

Dy. Comm^r's order No. 402 dated 30th August 1890.-

The Municipal tax should be paid up, as reasons assigned in the Petition cannot be accepted.

2. A Municipality is required as the town is low lying and damp with little or no drainage and ~~wide~~ vile roads.

3. Unless, however, all classes are made to pay house tax as in Mysore, the Municipality must be a failure and it would be better to abolish it. The Krishnaraj Agraharam is a part of the town, like the Ramavilas and other Agraharams are portions of Mysore, the inhabitants of which are all taxed.

Sir

I have the honor to report that on visiting Sodalé I found it in a very insanitary state, dueto paudity and choked up gutters containing stagnant liquid filth in many of the crowded parts - Some of the leading men of the place came forward complaining that although a Municipality had been formed and taxes accordingly imposed nothing had been done towards improving the insanitary state of the village. The Amildar reports that the work cannot be commenced as the employment of municipal servants had not yet been sanctioned, in consequence of contemplated withdrawal of the Municipality established here. Deaths in the village during the year 1890 numbered 67 as shown by the Postal's Register, many of which resulted from cholera and

from the present insanitary state of
this large village it does not appear

Sir,

In acknowledging Government Proceedings No. 6662-3 L.F. 111-93 dated 7th October 1893 stating that the Government are not disposed to abolish the Municipality of Sosalay and that Municipal taxes will be levied as usual, I beg to observe that no definite orders have been issued on the request of the Jodidar, Krishnaraj pura agrahar, that the latter should not be included in the Municipality of Sosalay. This agrahar was ordered to be constituted into a separate village by the Government in their Proceedings No. 4385-6/88 of 9 June 1892, and accordingly it

0010001

was not included within the Municipal limits of Sosalay, and no taxes are included in the Government demand in the Jamabundi of last year. The agrahar is situated separately, apart from the Fort and suburbs of Sosalay, though quite near to them, and the Jodidar strongly objects to the agrahar and other houses on his property, being included within Municipal limits. I may also state that on his representation at the recent Dassara meeting, the Diwan Bahadur and the Honorable Mr. P. Chentsal Row were of opinion that his request might be allowed. If the Government be pleased to sanction this, a muchalika may be taken from the Jodidar that he would execute all works necessary for the drainage and conservancy of the agrahar.

2. The Municipal income of

Sosalay excluding Uttio agrahar is at present Rs 464-8-9 per annum. The village of Sosalay is low, damp and very insanitary with narrow lanes, and overgrown vegetation. Unless drastic measures can be adopted for extending the limits of the village by acquiring fresh lands and allotting them for building sites, and for broadening the streets and opening new lanes by pulling down houses &c, there is, in my opinion, little use in constituting it a Municipality. These improvements will cost a very large sum, nearly 20,000 Rs as the place is populous and all the lands round about it are valuable wet lands.

3. There are two parties in the village, one for the Municipality and another almost as numerous against it. The annual income from taxation will scarcely suffice for daily conservancy and for

keeping the existing lanes in order. The people are likely to complain if no further improvements are made after Municipal institutions are introduced. I would therefore suggest for the consideration of Government whether it is worth while to make it a Municipality unless the Government is prepared to improve the place at a large outlay.

4. I beg to enclose some correspondence which has taken place for the improvement of the village for perusal and return when no longer required.

I have the honor to be,
